We play through the most difficult difficulty level available. We focus on using the Move command, positioning the Engineer, making sure to have a Tactical Scope. While this is our first run, I have played through the mission a few times and we do quite well. We manage to clear an entire level with a Tactical Scoped Engineer in a time of 3:24. Subscribe to be notified of new games and gameplay videos: Daniel Wolf (WildcardStudios) In this video I play through the Alien: Isolation campaign on the hardest difficulty. I focus on using the Engineer class and the Move command to complete the mission. This is a hard mission where you need to be careful with your detection meter as more Aliens can be encountered at the same time
