Most likely you have WinTV installed on your PC. WinTV is a Windows Media Center Receiver application. It's based on Windows Media Center and includes a remote control too. You can download both the program and the remote control for free from here. 1. Field of the Invention This invention pertains generally to article storage systems and methods and, more particularly, to a method of selecting a storage location within an article storage system and an article storage system that can readily be adapted to perform that method. 2. Description of the Related Art Presently, companies are more and more facing the need to operate with reduced or, in some cases, no skilled personnel on site. This means companies are shipping or placing more and more of the manufacturing work that used to be done at the work site to a designated assembly or product finishing work site. The ability to assemble, finish, or otherwise process a product can be done off-site with a number of devices, or "tools," making it possible to decrease the time, materials, and personnel needed in completing a product. To accomplish this, at least some off-site manufacturing operations are utilizing "automated storage and retrieval" (AS/RS) systems to store and retrieve workpieces, such as, for example, computer hard drives. Such systems generally include a system enclosure, shelves on the enclosure, and storage locations on the shelves. Each 570a42141b
